

RIIOHS202A Enter and Work in Confined Spaces

On successful completion students will be issued with a Statement of Attainment in "RIIOHS202A Enter and Work in Confined Spaces".

Course Aim:

This unit covers the entering and working in confined spaces in resources and infrastructure industries. It includes planning and preparing for entry of confined spaces; entry and working in confined spaces, exiting confined spaces and cleaning up.

The course covers:

- Plan & prepare for entering and working in confined spaces
- Enter & work in the confined space
- Exit the confined space.

Prerequisite and Co-requisite:

There are no prerequisite or co-requisite requirements for this unit of competency.

Course Objectives:

By the end of the course, the student will be able to demonstrate:

- Knowledge of the requirements, procedures and instructions for entering and working in confined spaces
- Implementation of requirements, procedures and techniques for the safe, effective and efficient completion for entering and working in confined spaces
- Working with others to undertake and complete the entering and working in confined spaces that meet all of the required outcomes
- Consistent timely completion of entering and working in confined spaces that safely, effectively and efficiently meets the required outcomes

General Conditions:

- Cancellation of booking less than 14 days prior to commencement of the course will attract a 50% administration charge.
- No refunds will be payable after course commencement.
- Capital Safety reserves the right to cancel, postpone or vary course dates or venues.
- Capital Safety reserves the right to allow delegates a "once only" transfer between courses, venues or dates. Further transfers will incur an administration fee. Contact the office for fee information.
- Dress code: Courses are conducted in a simulated work environment; therefore students must be attired appropriately. Closed shoes/boots only. No sandals or thongs. Students wearing sandals or thongs will not be allowed into the course.
- Students arriving late will not be allowed into class.
- You are not booked into a course until you receive confirmation from Capital Safety.

Course Assessment:

Students will be assessed to determine their competency in this unit both theoretically and practically.

The theory assessment consists of multiple choice and short answer questions.

The practical assessment will require students to enter a simulated confined space environment.

Course Duration:

16 Hours

Course Location:

Unless expressly agreed, all courses are conducted at our Silverwater premises. Confirmation of course location will be provided at time of enrolment.

Please contact us for course schedules and locations.
