THE NEXT GENERATION FULL BODY HARNESS

Get into the Best!

fall protection experts:
height safety | confined space | industrial rescue

Get into the Best!

EXOFIT NEX™

Although many in the industry see our Harnesses as having no equal, we continue to improve, refine and innovate. If there's a stronger, lighter material, we want to introduce it. If there's a better method for producing a stronger, more comfortable Harness, we want to develop it. ExoFit NEX™ Harnesses are the culmination of ongoing research, and the implementation of new designs using the latest breakthrough materials. Rest assured, when you purchase an ExoFit NEX™ Harness, you can be absolutely certain that you are purchasing the finest Harness available today.

COMFORT

Equipment designed for safety doesn't have to be uncomfortable. True to that principle, we manufacture Harnesses using materials that won't add unnecessary weight. We add moisture wicking padding wherever appropriate to keep you dry and cool all day. And because we also believe that the Harness should in no way interfere with or distract the wearer from performing their job, we implement critical adjustment features that allow for a perfect fit.

FUNCTION

In today's workplace, where speed and efficiency are project requirements, the purchase of ExoFit NEX™ Harnesses can be justified as an investment in productivity. The perfect Harness gives workers the freedom and confidence to function to their maximum. Innovative safety devices and ground breaking design features – such as suspension trauma straps sewn into the Harness, Duo-Lok™ quick-connect buckles, and a covered pocket with elastic sides to store personal items – permit wearers to work smart, fast and safe.

DURABILITY

Manufactured items – even of the highest quality – will lose their ability to perform over time. On that matter, ExoFit NEX™ Harnesses are likely to challenge conventional thinking. Designed using materials of lasting strength, including REPEL™ Technology and Tech-Lite™ made from aircraft aluminium, ExoFit NEX™ Harnesses can withstand incredible demands on a daily basis. More remarkably, they are built to perform to the highest standards and the harshest of environments - your job site.....

FEATURES

Covered Labels and i-Safe™

A velcro™ cover protects the labels and positions them in an easy-to-access location.

1st INDUSTRY

Revolver™ Vertical Torso Adjusters

Simple and fast adjustment that eliminates loose ends and locks into place preventing slippage.

1st INDUSTRY

Duo-Lok™ Quick Connect Buckles

Lightweight one-handed use with memory-fit web-lock ensures fast, non-slipping connections.

1st INDUSTRY

Moulded Lanyard Keepers

Easy holstered snap hooks break away to avoid trip hazards and injury in a fall.

1st INDUSTRY

Built-In Carrying Pocket

Conveniently holds and protects a mobile phone, camera, or other items.

1st INDUSTRY

Tech-Lite™ Aluminium D-rings

Extremely lightweight alloy commonly used in military and aerospace offers a higher level of security and comfort.

Ultra-Soft Edging

Moves with you - doesn't rub or chafe.

Hybrid Comfort Padding

Lightweight, moisture wicking, and breathable padding won't move or slip, keeping the wearer comfortable at all times.

Reflective Material

For greater visibility in dark and dangerous environments, reflective material is integrated on legs, chest, shoulders and back.

REPEL™ Technology Webbing

Water repellent to reduce attraction of mould and dirt - also has up to 5 times more abrasion resistance.

Integrated Trauma Straps

Provide an adjustable, continuous loop for post fall, minimising suspension trauma / orthostatic intolerance.

1st INDUSTRY

Superior X-Design

Construction is based on a single piece of material in the shape of an "X" that wraps around the wearer for the ultimate in comfort, security and no-tangle donning.

Stand-Up Dorsal D-ring

Patented spring-loaded design automatically stands up ensuring fast, easy and safe connections to your fall arrest system.

Impact Indicator

Rip-stitch indicator allows the user to quickly and easily inspect the Harness for impact loading.

Rigid Hip Padding Loops

Prevents equipment pouches from sagging and reduces abrasion in vulnerable areas.

**ExoFit NEX™
Riggers Harness**

Front and rear Tech-Lite™ aluminium D-rings, Duo-Lok™ quick-connect buckles, Revolver™ vertical torso adjusters, non-slip hybrid comfort padding, suspension trauma straps, confined space loops, impact indicator, REPEL™ technology webbing, i-Safe™ enabled

Small	603S2018
Medium	603M2018
Large	603L2018
X-Large	603XL2018

**ExoFit NEX™
Cross-Over Harness**

Front and rear Tech-Lite™ aluminium D-rings, Duo-Lok™ quick-connect buckles, Revolver™ vertical torso adjuster, non-slip hybrid comfort padding, suspension trauma straps, impact indicator, REPEL™ technology webbing, i-Safe™ enabled

Small	613S2016
Medium	613M2016
Large	613L2016
X-Large	613XL2016

**ExoFit NEX™
Confined Space Harness**

Front, rear and side Tech-Lite™ aluminium D-rings, Duo-Lok™ quick-connect buckles, Revolver™ vertical torso adjusters, non-slip hybrid comfort padding, wide padded lower back/hip pad, suspension trauma straps, confined space loops, impact indicator, REPEL™ technology webbing, i-Safe™ enabled

Small	623S2018
Medium	623M2018
Large	623L2018
X-Large	623XL2018

**ExoFit NEX™
Tower Workers Harness**

Front, rear and side Tech-Lite™ aluminium D-rings, Duo-Lok™ quick-connect buckles, Revolver™ vertical torso adjusters, wide padded lower back/hip pad, work positioning/suspension seat with tanged pole D-rings (can be secured out of the way for unhindered climbing), non-slip hybrid comfort padding, suspension trauma straps, impact indicator, REPEL™ technology webbing, i-Safe™ enabled

Small	653S4016
Medium	653M4016
Large	653L4016
X-Large	653XL4016

**ExoFit NEX™
Flotation Harness**

275N Integral Personal Flotation Device, Rear stainless steel D-ring, Front fall arrest loops, stainless steel quick-connect buckles, non-slip hybrid comfort padding, suspension trauma straps, impact indicator, REPEL™ technology webbing, i-Safe™ enabled (also available with 275N MED/SOLAS personal flotation device)

Small	603S1034
Medium	603M1034
Large	603L1034
X-Large	603XL1034

**ExoFit NEX™
Sit Harness**

Side Tech-Lite™ aluminium D-rings, Duo-Lok™ quick-connect buckles, front belay loops, padded lower back/hip pad, tool & gear loops, non-slip hybrid comfort padding, REPEL™ technology webbing, i-Safe™ enabled

Small	673S4002
Medium	673M4002
Large	673L4002
X-Large	673XL4002

**ExoFit NEX™
Climbing Harness**

Front, rear, side and abdominal Tech-Lite™ aluminium D-rings, Duo-Lok™ quick-connect buckles, padded lower back/hip pad, tool & gear loops, non-slip hybrid comfort padding, REPEL™ technology webbing, i-Safe™ enabled

Small	683S4016
Medium	683M4016
Large	683L4016
X-Large	683XL4016

**ExoFit NEX™
Derrickmans Harness**

Front, rear (with extension), side and rear lower back Tech-Lite™ aluminium D-rings, Duo-Lok™ quick-connect buckles, Revolver™ vertical torso adjusters, non-slip hybrid comfort padding, seat sling with positioning/suspension D-rings, impact indicator, suspension trauma straps, REPEL™ technology webbing, i-Safe™ enabled (optional: Monkey Board Belt – 1000570, High performance Suspension Seat – 1150011)

Small	693S4017
Medium	693M4017
Large	693L4017
X-Large	693XL4017

Also available are models with additional features suitable for specific industry applications

All ExoFit NEX™ harnesses are certified and approved to AS/NZS 1891.1:2007
