

HLTFA201B Provide Basic Emergency Life Support

On successful completion students will be issued with a Statement of Attainment in "HLTFA201B Provide Basic Emergency Life Support".

Course Aim:

To provide the necessary skills and knowledge to enable a first aider to provide an initial response to an emergency in line with practised actions and Australian Resuscitation Council (ARC) Guidelines and/or state/territory regulations, legislation and policies and accepted industry guidelines.

Prerequisites / Co-requisites:

This unit stands alone and incorporates the content of unit HLTCPR201B Perform CPR

Course Objectives:

By the end of the course, the student will be able to:

- Demonstrate first aid casualty management principles:
 - Assess and minimise danger
 - Check for response
 - Maintain casualty's airway, breathing and circulation.
- Assess vital signs and responses of casualty
- Demonstrate:
 - Safe manual handling of casualty
 - Consideration of the welfare of the casualty
 - Correct procedures for CPR on a resuscitation manikin
 - Implementation of standard precautions
- Plan an appropriate first aid response in line with established first aid principles, policies and procedures, ARC Guidelines and/or state/territory regulations, legislation and policies and industry

requirements and respond appropriately to contingencies in line with own level of skills and knowledge

- Call an ambulance and/or medical assistance, according to circumstances and report casualty's condition
- Identify and minimise hazards to health and safety of self and others in the immediate workplace or community environment
- Report details of emergency incident and first aid provided

Course Assessment:

Students will be assessed to determine their competency in this unit both theoretically and practically.

The theory assessment consists of multiple choice and short answer questions.

The practical assessment will require students to attend and treat casualties in a number of scenarios. Students will also be assessed for competency in CPR; simulation will be performed on a manikin under trainer/assessor supervision.

Course Duration:

8 Hours

Course Location:

Unless expressly agreed, all courses are conducted at our Silverwater premises. Confirmation of course location will be provided at time of enrolment.

Please contact us for course schedules and locations.

General Conditions:

- Cancellation of booking less than 14 days prior to commencement of the course will attract a 50% administration charge.
- No refunds will be payable after course commencement.
- Capital Safety reserves the right to cancel, postpone or vary course dates or venues.
- Capital Safety reserves the right to allow delegates a "once only" transfer between courses, venues or dates. Further transfers will incur an administration fee. Contact the office for fee information.
