

MSAPMPER200C Work in Accordance with an Issued Permit

On successful completion students will be issued with a Statement of Attainment in "MSAPMPER200C Work in Accordance with an Issued Permit".

Course Aim:

To ensure that people working under a permit to work understand the system, know the limitations of the permit under which they are working and comply with all the requirements of the permit.

This unit covers the basic competency of working under a permit. Where entry to a confined space is required, then MSAPMPER205C Enter confined space is also required.

Prerequisite and Co-requisite:

There are no prerequisites or co-requisite requirements for this course.

However, MSAPMPER205C Enter Confined Space, MSAPMOHS216A Operate Breathing Apparatus and MSAPMOHS217A Gas Test Atmospheres may be delivered and assessed in conjunction with this unit of competency.

Course Objectives:

By the end of the course, the student will be able to:

- Access and interpret information relevant to specific tasks (e.g. labels, MSDSs hazchem signs)
- Identify changes to conditions which may lead to the permit being revoked before the job is completed
- Describe and/or explain hazards associated with tasks covered by the permit, types of tests required for the issue of work permits - the types of tests to include,
- Atmospheric/oxygen/breathability, flammability/explosivity, toxicity/TWA, temperature, humidity
- The impact of the regulatory framework and organisation procedures under which the permit operates upon the particular job(s) requiring the permit

- Demonstrate
 - That the right type of permit has been issued for the type of work
 - Adequate preparation to undertake the work, including obtaining all necessary safety equipment and Personal Protective Equipment (PPE)
 - Undertaking the work strictly in accordance with the provisions of the permit
 - Maintaining correct housekeeping with permit activities
 - Completing work in accordance with the permit requirements
 - Querying or raising matters about the permit if the scope of work/nature of the tools to be used varies from that covered by the permit
