

MSAPMPER205C Enter Confined Space

On successful completion students will be issued with a Statement of Attainment in "MSAPMPER205C Enter Confined Space".

Course Aim:

This competency covers the entry to confined spaces, for maintenance, servicing of vessels or other necessary reasons. Work in/entry to confined spaces shall conform to relevant legislation and AS2865:2009, or its authorised update or replacement. AS2865:2009 requires reassessment 'at appropriate intervals'. The industry regards reassessment on a two to three year cycle as good practice.

Prerequisite and Co-requisite:

MSAPMPER200C Work in Accordance with and Issued Permit is a prerequisite of this unit.

MSAPMOHS216A Operate Breathing Apparatus and MSAPMOHS217A Gas Test Atmospheres may be delivered and assessed in conjunction with this unit of competency.

Course Objectives:

By the end of the course, the student will be able to:

- Access and interpret information relevant to specific tasks (e.g. labels, MSDSs hazchem signs)
- Access and apply hazard controls
- Identify changes to conditions which may lead to the permit being revoked before the job is completed
- Describe and/or explain hazards associated with tasks covered by the permit, types of tests required for the issue of work permits - the types of tests to include, atmospheric/oxygen/breathability, flammability/explosivity, toxicity/TWA, temperature, humidity
- Interpret and respond to gas test/monitoring results/information
- Identify a change in work conditions, possible new hazards and so the required hazard controls and obtain revalidation of permit
 - Implement hazard controls

- Demonstrate
 - Recognition of a confined space
 - The ability to work within a confined space
 - Compliance with the permit conditions
 - Recognition and control of atmospheric hazards
 - Use of confined space entry and exit equipment relevant to the site/job
 - Selection, use and maintenance of appropriate Personal Protective Equipment (PPE)
 - Use of communication equipment and processes applicable to confined space work
 - Completion of documents and records relevant to confined space work
 - Understanding of and the ability to initiate incident/emergency response plan

MSAPMPER205C Enter Confined Space

On successful completion students will be issued with a Statement of Attainment in "MSAPMPER205C Enter Confined Space".

Course Assessment:

Students will be assessed to determine their competency in this unit both theoretically and practically.

The theory assessment consists of multiple choice and short answer questions.

The practical assessment will require students to enter a simulated confined space environment.

Course Duration:

30 Hours

Course Location:

Unless expressly agreed, all courses are conducted at our Silverwater premises. Confirmation of course location will be provided at time of enrolment.

Please contact us for course schedules and locations.

General Conditions:

- Cancellation of booking less than 14 days prior to commencement of the course will attract a 50% administration charge.
- No refunds will be payable after course commencement.
- Capital Safety reserves the right to cancel, postpone or vary course dates or venues.
- Capital Safety reserves the right to allow delegates a "once only" transfer between courses, venues or dates. Further transfers will incur an administration fee. Contact the office for fee information.
- Dress code: Courses are conducted in a simulated work environment; therefore students must be attired appropriately. Closed shoes/boots only. No sandals or thongs. Students wearing sandals or thongs will not be allowed into the course.
- Students arriving late will not be allowed into class.
- You are not booked into a course until you receive confirmation from Capital Safety.
